THE CASCADE STORY

Open the wall

The Cascade 800 Series turns an entire wall into a moving glass façade. Thermal-break aluminum profiles, fully hidden hinges, and a flush sash create one clean plane of glass when closed — and a wide, unobstructed opening when folded away.

Every Cascade is built to order: choose the panel count, the stack side, the glass, and the finish.

Quick Facts:

2.67" (68 MM) THERMAL - BREAK ALUMINUM SYSTEM
